Attention: This year we have a brand new supplier for our trout! The Aroostook Band of Micmac's are our new supplier! We are very excited to work with them. This will be the first year they have offered trout for stocking ponds. Previous to this year they have raised the trout for direct human consumption. This is the reason that we can only offer 6-8 (Possibly some 10) inch this year. The district approached the Micmac's in the fall. Due to later negotiations, it was to late to plan for different size offerings of trout. Once the new program is up and running they plan to offer smaller sizes for future sales. We are very please that the Micmac's have stepped up to be our new supplier and want to remind all customers that this will be their first time selling trout this way. We are going to try to make the process go as smoothly and quickly as possible on the pick up day. Fair warning that we may have a few hic ups along the way!
